## Start your education journey now!

Apply for the  
**BACHELOR PROGRAM IN BUSINESS AND  
ECONOMICS IN ENGLISH**

**First Academic Study program in English at  
the Faculty of Economics**

**MISSION** ➤ To educate future leaders and contribute to building a modern economic and business environment at national, regional, and global levels.

**VISION** ➤ The Faculty of Economics is an elite higher education institution that provides knowledge, skills, and competencies in economics and business that foster scientific curiosity and drive societal progress.

## Dean's Message

Dear colleagues and future modern multilingual economists,

It is my great pleasure and honor to welcome you to the Faculty of Economics as you embark on an exciting new chapter in your life.

Enrolling in the Academic Program in Business and Economics in English, the first accredited undergraduate program in English at the University of Montenegro, offers you a unique opportunity to learn from exceptional educators and experts in cutting-edge economic research.

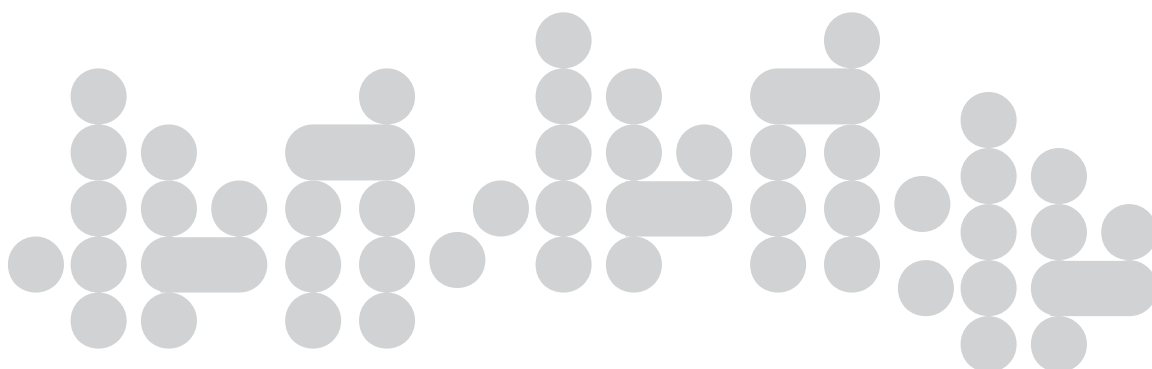

Several factors make this program an outstanding choice. Our national reputation for excellence in education, research, and knowledge transfer may have drawn your attention, as well as our commitment to international education in today's interconnected world. Our extensive network of over 70 partner universities supports student and staff mobility, offering exposure to global perspectives.

The Faculty also provides various lifelong learning courses to enhance your skills and qualifications, ensuring you gain a competitive edge in the job market. Programs with integrated internships offer real-world insights beyond the classroom, preparing you to join our growing alumni network of modern economists ready to make a difference in the business world.

Our institution's success and reputation, cultivated over more than 60 years, are a testament to the dedication of our Faculty, students, and staff. We are proud to be Montenegro's first Faculty of Economics and to have educated over 14,000 graduates.

I invite you to join our community and embark on a university experience that will be both rewarding and transformative.

Welcome to the Faculty of Economics!

The Faculty of Economics, as a part of the University of Montenegro, is the **first Faculty in Montenegro** with over 2,300 active students. Since its establishment sixty years ago, almost 14,000 students have graduated from all study programs. **We have several decades of experience in the education of economists and modern study programs that follow European and world education trends.** Our programs are intended for the best high school students who want to acquire knowledge and skills for the international labor market.

The Faculty of Economics is the right address for young people who want to become experts in **economic policy, finance, management, marketing, entrepreneurship, banking, and accounting** or to become successful businessmen and private business owners.

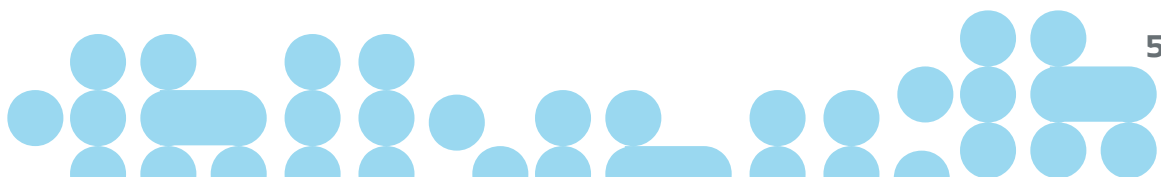

This year, we will recruit and enroll a talented and diverse class of undergraduates who will receive the specific kind of **education that can be obtained at the world's most prestigious universities while studying in Podgorica.**

## Benefits and reasons why you should apply for the MONTEB program in Podgorica:

- Academic studies in Business and Economics in English for the duration of three study years comprise **180 ECTS credits**;
- Rules of procedure are the **same for international students**;
- All candidates can apply for **on-campus housing**;
- In partnership with the Faculty's corporate partners, **we offer scholarship schemes that provide merit-based financial support for our students**;
- Our teaching staff are **professors from Montenegro and more than 50 partner higher education institutions**. Visiting lecturers include experts from the business society and professors who joined through the Erasmus+ staff mobility program.
- The MONTEB program is supported by the Erasmus+ project ME Study in English, which focuses on internationalizing higher education institutions in Montenegro by building capacity for studies conducted in the English language.

- Our Alumni community and the growing network of partners from the most successful companies and the public sector will provide our students with the **opportunity to a one-month internship** during which they acquire valuable knowledge and skills and prepare for the labor market;
- Students acquire modern practical knowledge and skills through the course Professional Development.
- Membership of the Faculty of Economics in **international mobility programs** enables our students to spend part of their studies at one of more than 70 universities;
- Be involved in activities of four of our centers at the Faculty of Economics – **Center for Career Development, Center for Business, Center for International Cooperation, and Center for Statistical Analysis**. Each of them has a specific role in achieving our mission based on expanding and improving the knowledge and professional skills of our students;
- Our **Soft Skills Academy** and **Winter School of Statistics** will encourage your personal growth by equipping you with competencies that enable you to engage in lifelong education and contribute to our society;
- Get informed about the current research of our professors at **the Economic Seminar**, which is organized monthly;

- **Become a volunteer and contribute** to the organization of numerous guest lectures, training, and seminars at the Faculty;
- Participate in the organization of our **Montenegrin International Conference on Economics and Business - MICEB**;
- The Faculty of Economics is a member of the most prestigious European accreditation house, the **European Foundation for Management Development EFMD**, and is in the process of obtaining international EPAS accreditation, which will confirm the quality of the programs we offer;
- The learning and working environment is designed to meet the demands of modern teaching, with **all classrooms equipped with multimedia boards and the latest computer technology**;
- Meet your colleagues at our **Club — a dynamic space for students, alumni, and professors of the Faculty of Economics**. It's the Faculty's central hub for events, social gatherings, and extracurricular activities.
- If you decide to become a member of one of the **several student organizations**, it can impact your career and student experience during your studies and after graduation.
